<i>No.</i>	<i>Type of activities</i>	<i>Main Leader</i>	<i>Title</i>	<i>Date</i>	<i>Place / book / magazine</i>	<i>Type of audience</i>	<i>Countries addressed</i>
8	Conference Paper	DPI	Innovative antifouling materials for maritime application	20/21-04-2015	European Coatings Conference, Nürnberg, Germany	Scientific and industrial	Worldwide
9	Presentation	DPI	Innovative antifouling materials for maritime application	20/21-04-2015	European Coatings Conference, Nürnberg, Germany	Scientific and industrial	Worldwide
10	Abstract	Fraunhofer IFAM	Synergistic Fouling Control Technologies – project overview and first results	05-06-2015	International Symposium on Quorum Sensing Inhibition, workshop, Santiago de Compostella	Scientific and industrial	Worldwide
11	Abstract	Fraunhofer IFAM	Bio-based and bio-active biofouling control strategies	05-06-2015	International Symposium on Quorum Sensing Inhibition, workshop, Santiago de Compostella	Scientific and industrial	Worldwide
12	Publication	Fraunhofer IFAM	Fast and easily applicable glycerol-based spraycoating	06-05-2015	Progress in Organic Coatings 2015, 87, 146	Scientific	Worldwide
13	Presentation	TU Delft	Direct numerical simulations of drag reducing surface textures	12-06-2015	JMBC Dutch Turbulence Contact Day	Scientific	National
14	Abstract, presentation	TU Delft	Direct numerical simulations of drag reduction in turbulent channel flow over bio-inspired herringbone riblet texture	25/28-8-2015	15 th European Turbulence Conference, Delft	Scientific	European
15		DPI	SEAFRONT project	11-11-2015	3 rd Ocean of Tomorrow, EC, Brussels, B	Scientific and industrial	European
